

High-Definition Wireless Ultrasound for **Veterinarians**

Fast Confident Diagnosis

Find answers under the fur with high-definition wireless ultrasound. Designed for veterinarians, Clarius HD3 Vet wireless scanners bring AI-powered imaging with dedicated animal presets to your iOS or Android device for a confident diagnosis anywhere.

Speed Diagnosis to Expedite Treatment for Your Furry Patients

With high-definition imaging and automated settings, Clarius HD3 Vet wireless scanners are the ultimate POCUS solution for animals small, medium, and large. Affordable, AI-powered, and with dedicated animal presets, Clarius is ultra-portable and streamlines workflows for a confident diagnosis anywhere. Make every room an exam room, scanning felines by the cage side and large canines on the floor, to get all your furry patients back in action faster!

- Perform an abdominal FAST exam to identify free fluid
- Take accurate measurements of masses, sludge, and free fluid
- Scan the adrenal glands for hyperplasia, nodules, and masses
- Scan the lung and pleural space for pathology of cardiac origin
- Assess the heart to determine if furosemide is indicated
- Perform an equine exam of the superficial digital flexor tendon

Animal MSK

Frequency: 4-13 MHz
Max Depth: 11 cm

Canine Cardiac (C7)

Dog Kidney (C7)

Equine Tendon (L7)

Feline Bladder (C7)

Canine Pleural Effusion (C7)

Equine Facet Joint (C3)

I have certainly recommended it to colleagues who are considering a handheld ultrasound machine. The Clarius is the best one that I've tried. The image quality is fantastic for the price. If you are new to ultrasound, it is very easy to get started with because the AI sorts out a lot of the knobs and functions that you would have to learn and adjust manually on another ultrasound machine."

Dr. Camilla Edwards, DVM, CertAVP, MRCVS - Ultrasound Educator

Specialized Scanners for High-Resolution Ultrasound

High-Definition

Latest Octal Beamforming and AI technology provides best-in-class image quality.

Specialized

Specialized presets, automated workflows, and artificial intelligence deliver superior imaging.

Wireless

Steadfast connection. Total freedom. Without cords to startle animals, cleaning is also simple and fast.

Easy To Use

Friendly app for Apple or Android with swipe, tap, and voice controls.

Ultra-Portable

Ideal for small spaces, Clarius fits in your pocket. Take it anywhere!

Exam Management

Seamlessly transfer saved images and videos to PACS servers through the current DICOM web standard.

Clarius Membership

As a member, you have access to all advanced innovation and services for the ultimate scanning experience and to fast track your mastery of ultrasound. Explore the four pillars of Membership.

Advanced Features

✓ Voice Controls

✓ Clarius Live Telemedicine

✓ Exam Sharing

✓ Pulsed Wave Doppler

✓ Procedure Recording Mode

✓ Split Screen

Exam Management

✓ Clarius Cloud

✓ DICOM

✓ Local Image Export

Clarius Education

✓ 1-Hour Virtual In-Service

✓ Monthly Online Training

✓ In-App Clarius Classroom Videos

Advanced Specialty Package

Your Membership includes the Advanced Veterinary Package. Streamline workflows with specialized presets, comprehensive measurements, and AI-powered automation for various animal examinations.

Package Features:

✓ Advanced Presets

✓ Needle Enhance

✓ OB Growth Tables

✓ Specialized Measurements

*Features vary by scanner.

Advanced Presets

Take veterinary scanning to the next level by gaining access to finely tuned, categorized presets.

Comprehensive Measurements

Improve workflows and generate detailed reports with animal-driven measurements and calculations.

Included with Your Scanner:

✓ 3 Year Warranty

✓ Product Support

✓ 30-Day Risk Free Returns

✓ Charging Station Dock

✓ B-Mode/M-Mode

✓ Color/Power Doppler
